

Nothing makes our team happier than to have our students reach their goals and succeed in their careers. In an [earlier newsletter](#) you may remember hearing about Tristan Roberts, the first graduate from our Blue Ocean program. We have finally gotten Tristan in the LearnKey studio and recorded his experience from being a student in our program to becoming an employee of LearnKey. We believe that all of our students can have the success professionally that Tristan has had if they commit to the program and put forth the effort.

Jenna is the newest member of the LearnKey Veteran Services team. Many people don't know this, but Jenna is part of two LearnKey teams. She has responsibilities in not only the LKVS team but in the LearnKey Client Services team as well. Jenna also recently obtained her Word 2013 certification and has contributed to the LearnKey blog. Please take a minute to learn a little more about Jenna!

1. **How long have you worked at LearnKey?**

Four awesome months.

2. **What is the most rewarding part of your job?**

Knowing that I work somewhere where people, not the bottom line, come first.

3. **In what ways has working with veterans on a daily basis impacted your professional or personal life?**

I am definitely more aware of veteran concerns than I ever was before, and whenever I read news involving current servicemen or veterans I always think of our people.

4. **What song do you belt out singing when you are alone, driving home in your car?**

Ha ha, it always depends on whatever choir or show I'm involved in at the moment! Lately I've been rotating through the songs in *Jane Eyre*.

5. **What do you do in your free time?**

I like to read and I do a lot with music. I play the ukulele, sing in a women's choir, and right now I am wrapping up my second musical (*Jane Eyre*) at Brigham's Playhouse, one of the local theaters.

COMPTIA EXAM TIPS AND TRICKS

At the beginning of the month we sent out a special edition newsletter that premiered our new A+ prep video. Hopefully many of you already had the chance to view that video and learn about the resources available to help you as you prepare for your CompTIA certification. For those of you who missed it, we are excited to share this video with you and hope that it helps you see the value in the tools created for you.

We would like to congratulate our veteran students who have achieved their industry certifications in the last 30 days and welcome those who have recently joined our program. Also don't forget to visit our [Student Resource Center](#) to find all of the tools and information you will need to succeed in your pathway to certification. Our all-star team is always available to help. Please don't hesitate to call.

Kind regards,

Jeff Coruccini
