LearnKey Veteran Services Launches Career Services Center

In an effort to help veteran students successfully manage the transition from military to civilian jobs we are pleased to launch our Career Services Center. The purpose of these services is to educate, assist, and guide veterans through the transition. The Career Services Center is geared toward veterans, but the tips are universal for all candidates. Conversely, employers can benefit by finding these qualified candidates.

[Career Services Website Overview:](#)

[Potential Students](#) - This page outlines why it is important to be industry certified. You will find tools like our Career Path overview, which shows various career tracks and the certifications that correspond, along with the opportunity to submit your resume to be reviewed and receive feedback from our Job Ready team.

[Students and Alumni Page](#) - With topics ranging from job searching to interviewing, this page is valuable for any who needs a little extra help while searching for a job in 2016.

[Employer Page](#) - Why should you hire a LearnKey veteran? This page will answer this question by reviewing the foundation of professional skills a LearnKey veteran obtains as they complete their program.

Share Your Exam Experience on our Forums!

Be sure to share your exam experience right after you take one on our [Student Forum](#). This will allow you to help other veterans by sharing areas of the certification exam that you wish you had prepared better for, and share your success!

New A+ Practice Labs 800-2064099

We have added two new [A+ practice labs](#) to our Student Resource Center.

- Fixing the Master Boot Record
- Choosing Desktop Machine Parts

If you are preparing for an A+ certification you need to be sure to add these labs to your study regimen.

How Are We Doing? We Value Your Feedback!

Our top priority is to provide all of our students with the support, resources, and knowledge they would need to be successful in their Blue Ocean programs. We want to know how we are doing. In the link below you will find a quick online survey. This anonymous survey will help us determine the areas we need to improve in to help our students have the best learning experience possible. <http://veterans.learnkey.com/feedback.php>

Please join me in congratulating all those who obtained certifications this month and send best wishes to those who are preparing to take an exam in the upcoming month. Don't forget to take advantage of our [weekly tutoring sessions](#) or [practice labs](#).

Our team is here to help you succeed. Please don't hesitate to contact us.

Kind regards,
Jeff Coruccini
