

December 2016 Newsletter

As we come upon the end of the year, the LearnKey Veteran Services Team is focused on what we can do to improve your experience in working with us. We are setting goals and decided to make assisting you with accomplishing your goals of gaining employability skills our top priority. This month we want to share some key behaviors that we will be reinforcing with you, these are the behaviors our successful students leverage day in and day out. Additionally, we want to remind you of some important tools available to you, and celebrate our students who have earned certifications over the last thirty (30) days.

Fundamental Behaviors That Drive Our Student Culture

Recently the LearnKey Veteran Services Team focused on describing the key behaviors that drive student success. We did this so we can reinforce these behaviors each and every day, because we know that students who demonstrate these behaviors will be successful. We are proud to share the following four(4) key behaviors that describe our student culture.

1. Desire to be Employed: Start with the mindset that you want to be employed and keep that goal front and center as you work through your program. Learning employability skills and obtaining at least three(3) globally recognized industry certifications or completing your program will help you accomplish your goals.

2. Ability to Study: Whether you are a full-time or part-time student it is important that you have a plan and know what days and times you are going to set aside to study each week.

3. Ask for Help: As you start your studies each week ask yourself, "Do I need help this week?". Be aware of the milestones you need to accomplish each week and track your progress. If you get stuck on a topic ask for help! We have many channels available for you to turn for help (I.e. tutoring sessions, student forums, or your Veteran Services Representative).

4. Be Engaged: Success starts with being engaged with the resources available to you every week. We recommend engaging with our staff/resources 5 times a month. This may seem like a lot, but the first forty-five (45) days are key in getting you started on the right track. Be sure to stay "connected" to the people and resources available to you.

LearnKey Veterans Facebook Forum

This month we would like to draw attention to our Facebook Forum group. The purpose of this group is to provide a community for all of our veteran students to use for their benefit. This is strictly a place to share resources, exam tips, hints, and best practices as well as network with your fellow veterans. This is the perfect channel for those who have questions and are looking for some extra help, and for those who have achieved certifications to give back and help those following in their footsteps. Our programs are difficult to go through on your own, but if you are willing to ask for help, willing to help out when you can, we will all find success through our collective experiences.

This is a closed forum. In order to join please [CLICK HERE](#) and request access to this page.

Student Resource Center

Over the last two (2) years we have been constantly adding new resources to our Student Resource Center. Many of these changes happened because of conversations with our students or the counselors that support them. Some of the tools you will find are:

- OnlineExpert and Exam support videos
- Links to our monthly newsletter
- Free Workbooks
- Practice labs and tests for A+, Network+, Adobe, and Cisco certifications.
- Tutoring session information

Be sure to check back frequently. We are always adding new resources.

How Are We Doing? We Value Your Feedback!

Our top priority is to provide all of our students with the support, resources, and knowledge they would need to be successful in their Blue Ocean programs. We want to know how we are doing. In the link below you will find a quick online survey. This anonymous survey will help us determine the areas we need to improve in to

help our students have the best learning experience possible. <http://veterans.learnkey.com/feedback.php>

Please join me in congratulating all those who obtained certifications this month and send best wishes to those who are preparing to take an exam in the upcoming month. Don't forget to take advantage of our [weekly tutoring sessions](#) or [practice labs](#).

Our team is here to help you succeed. Please don't hesitate to contact us.

Kind regards,
Jeff Coruccini
