October 2018 Newsletter

Fall is in full swing and the holidays are right around the corner! October has been a busy month for certifications. In the last 30 days our students have earned 80 industry certifications! These range from basic certifications like Word 2016 to more advanced certifications like CISSP! We are so proud of all of our students and the hard work and dedication they are putting into their certification training. In this month's edition we are highlighting/introducing our Student Services Representatives or as many of you know them, the SSRs! (Student Services Rockstars!). Everyone has been busy and focused. Keep up the great work.

LearnKey Group Study Sessions

We want to make sure everyone has access to our group study sessions. We highly recommend that all of our students attend the sessions that correspond with the certification they are working on. See info below for all available sessions.

Microsoft Monday - Every Monday

11:00 a.m. (MST)

Tutor: Grace Rollins

Please join my meeting from your computer, tablet, or smartphone.

<https://global.gotomeeting.com/join/401814461>

Tutor Tuesday - Every Tuesday

11:00 a.m. (MST)

Tutor: Tristan Roberts

Please join my meeting from your computer, tablet, or smartphone.

<https://global.gotomeeting.com/join/728689101>

Tutor Thursday - Every Thursday

3:00 p.m. (MST)

Tutor: Tristan Roberts

Please join my meeting from your computer, tablet, or smartphone.

<https://global.gotomeeting.com/join/728689101>

Job Readiness - Third Tuesday of Each Month

11:00 a.m. (MST) Thursday at 4:00 p.m. (MST)

Tutor: Tristan Roberts

Please join my meeting from your computer, tablet, or smartphone.

<https://global.gotomeeting.com/join/728689101>

New Student Orientation - Last Thursday of Each Month

3:00 p.m. (MST)

Tutor: Tristan Roberts

Please join my meeting from your computer, tablet, or smartphone.

Certify for Life Program: Save Thousands of Dollars on Courseware Costs!

When you go through LearnKey certification training, the Certify for Life program will help you save time and money!

Saves Time: You will save time in the fact that you will already be familiar with how the materials are presented. You will be able to use the tools to update the new skills you need without having to sit through training on all the objectives you already know.

Saves Money: Having gone through the LearnKey certification process, you will get FREE COURSEWARE UPDATES FOR LIFE on those subjects you have completed.* (This means that the Excel 2013 course that you took would give you access to the Excel 2016, 2019, etc.) when they are produced!

Meet The Team: LearnKey Vocational Services Student Services Representatives

Jessica Staples

Jessica grew up in Aurora Colorado, and joined the Navy when she was 18. She was stationed at Pearl Harbor on the USS O'Kane (DDG-77). She got out of the Navy in 2009 and then used her GI Bill to obtain a bachelor degree from Hawaii Pacific University. In 2013 she moved to Southern Utah and was delivering pizzas while searching for a more steady full-time job. She just happened to deliver a pizza to LearnKey, and the rest is history! Jessica has been working at LearnKey since 2014 as an Student Services Representative. In her free time, she volunteers at a local animal shelter, and also is pursuing acting.

Susan Somerville

Susan started working with LearnKey over 4 years ago and has helped her students achieve more than 500 industry certifications, while guiding them through their various programs as seamlessly as possible. She has helped streamline processes that have made our program more efficient and successful. She has earned her degree from Dixie State University and has an extensive background in human relations; she is able to communicate effectively and get her point across so everyone benefits. In her spare time, she loves spending time with her hubby traveling, butchering home-grown beef, and spending time with her 3 grown children and 9 grandchildren.

Jenna Welch

Jenna loves that she has worked in so many different educationally aligned fields, having worked as a special education teacher's aide and a kindergarten English teacher in China prior to joining the LearnKey team in October 2014. She currently enjoys the variety of working as both a Student and Client Services Representative, and finds her work in both departments deeply fulfilling. Jenna enjoys scary movies, drives through the mountains with her husband and dog, reading, and playing the ukulele.

Beau Shakespear

Beau started working as a Student Services Representative in July of 2016. With a background in communications, marketing, educations, and event planning, he utilizes the tools and experiences from his background to ensure that his students are prepared to earn their industry certifications and enter the workforce. In his past life you would have found Beau hiking or backpacking in beautiful Southern Utah, training for half marathons, and looking for any excuse to be out in the sun by the water. Now as a busy husband and father of two young sassy girls, his days are filled with princesses, mermaids, unicorns, and enjoying small-town life.

Nina Sepulveda

Nina started working as a Student Services Representative in January of 2017. Her previous employment includes retail/pharmacy work and her most recent before LearnKey is working for the school district as a Severe Education Paraprofessional. She loved working with the disabled children in her local school district. Her husband is a Veteran so she finds delight in helping other Veterans like her husband complete their training and be able to find employment in their field of study.

Jared Squires

Jared is a U.S. Army veteran and transitioned from military to the civilian workforce through his passion for computers and technology. Jared joined the LearnKey team in March of 2018 and works as a technical writer and supports our students in the GED, Higher Education, and Vocational Services programs. Jared is utilizing his 15+ years of computer knowledge to help write new and updated course material for LearnKey's education and certification programs. Jared is close to obtaining a Bachelor's Degree in Computer Information Technology from Dixie State University, and is planning to finish a Master's Degree once his

Bachelor's is complete. Jared enjoys camping, backpacking, hiking, cycling, and being a father of six kids.

Please join me in congratulating all those who obtained certifications this month and send best wishes to those who are preparing to take an exam in the upcoming month.

Our team is here to help you succeed. Please don't hesitate to contact us.

Kind regards,
Jeff Coruccini
CEO, LearnKey, Inc.
